Important Information

- There is no water available at the venues. Competitors must be self-sufficient with water on the courses and at other times.
- You must visit all the check points in the order shown on the map.
- For the Middle and Sprint races the finish is a check point only. Punch and proceed at your leisure to the download tent which will be at the assembly area. Your time ends at the finish point, not the download.
- You must start at your allocated start time. If you are late the starting officials will start you after the last starter in your class or, if possible, at the next most convenient time (to them, not you). Your time will start as if you started at your allocated time.
- Motor bikes (and horses) ride in both the areas we are using. Whilst mapping and course setting we have not had any conflicts, but riders should be aware and courteous to other users of the areas.
- Saturday's middle distance race incorporates a MTB cross country area. Some streamers and tapes are still in the forest on the tracks. You should ignore these. In addition both forests are well used by many others and there are lots of various tapes and streamers.
- You may not ride, walk or carry your bike off mapped tracks, even if the tracks are very close together with the exception of through areas which are mapped as yellow on the map. All yellow areas on the map may be crossed. Anyone seen crossing 'white' on the map will be disqualified.
- SportIdent sticks must be attached to your bike by some means. You cannot carry them only in your hand or pocket (unless they are also attached to your bike).

Other rules are detailed in the event information and on the event web site.

If you have any questions about the start lists please direct these to Paul Darvodelsky at ausmbochamps@psd.net.au.

Some Statistics

- **155 Competitors and 368 race entries** (Final count).
